## PROFILE SUMMARY

I am a 20-year-old enthusiastic individual who loves to progress. I love to learn new things in different fields like Technology, Politics, Economics, Culture, etc. I started learning computer languages 2 years ago. I love to see how things actually work on computers. Currently, I am pursuing my Bachelor's degree in Electronics and Telecommunication from TSSM BSCOER College, Pune.

## PROJECTS

### 1) PORTFOLIO WEBSITE

Tools-HTML,CSS

- I have created the portfolio website which shows my projects ,my contact and my social media , It helps others to know more about my work.

### 2) NETFLIX CLONE

Tools-HTML,CSS

- Developed a responsive Netflix clone using HTML and CSS.
- Implemented user interface components to closely resemble the original Netflix platform, focusing on layout, design consistency, and user experience.
- Demonstrated strong skills in front-end development and web design through hands-on experience.

### 3) IOT BASED PLANT MONITORING AND CONTROLLING SYSTEM

- I designed a hardware-based model that keeps track of the plant's surrounding environment and records the temperature, moisture, and humidity.
